Why Infinity-Lock Button System?

- Use the Infinity-Lock Button System for AC joint separation requiring a simple and replicable operative solution.
- Device and surgical technique designed by leaders in upper limb surgery.
- One size fits all, eliminating potential for mis-sizing and stocking issues.
- Woven polyester implant utilizes medical manufacturing techniques supported by over 30 years of data.
- Titanium alloy Button provides high strength, low profile fixation in the clavicle.
- Infinity-Lock Button System is a strong and reliable alternative ACJ repair method.

102-1089 Infinity-Lock Button System (supplied sterile) includes:
